Shop Committeeman – Chad Brumbaugh
Shop Committeeman – Mike Kellogg

• PROFIT SHARING

The company is scheduled to announce their 2021 4th quarter earnings on February 1st, 2022, at approximately 4:00PM EST. They will also announce 2021 total year earnings, GM-UAW North American profit-sharing amounts and payment dates.

• VACATION SIGN-UP PERIOD AND VACATION SHUTDOWN WEEK

The 2022 Vacation Sign-Up Period will soon be upon us. It will begin on February 1, 2022 through Monday, February 28, 2022. An application received during this period is for time off between May 2, 2022 to April 30, 2023.

Per Paragraph 202a of the 2019 National Agreement, during the first full week of February each year, the local Management will notify the Shop Committee of its decision to schedule one (1) Plant Vacation Shutdown Week. For locations not in launch, where a Plant Vacation Shutdown Week is to be scheduled, such week will be scheduled during the week containing the July 4th holiday.

Plants that have an identified launch may schedule up to two (2) Plant Vacation Shutdown Week(s). Management will identify the specific week(s) such shutdown(s) will occur. For locations in launch, Plant Management may schedule the Plant Vacation Shutdown Week(s) to take place any time during April through November, or, with the local union's agreement, during other week(s) more advantageous to plant operations. The National Parties may also approve certain week(s) that are beneficial to both employees and business needs (e.g. product launches, holiday periods, etc.)

During **prime-time days**, the parties jointly agreed manpower allotment will be based on the number of vacation applications received. This allotment will be jointly reviewed. During **non-prime-time days**, **nine (9.0) percent** of each department's total population (less the number of Replacement Operators) will be allowed vacation opportunities unless modified by the Vacation Audit Team.

Based upon the number of vacation applications received during the vacation application period, the vacation percentage for the **prime-time vacation period** (Memorial Day through Labor Day and the month of November that encompasses the Indiana, Michigan, Ohio and Wisconsin deer seasons) (gun), will increase **up to (16) percent** of each department's total population (less Replacement Operators).

Now is the time to look at your calendar and plan your weeks or days off. **The number of applications received during this time has a direct impact on how many temps will be hired or retained to accommodate these applicants. Your Vacation Entitlement is there for you to use, so please sign up and use it.**
