“BUILD IT LIKE WE OWN IT”

AARP VISITS ORION WITH A SPECIAL GUEST:

On Tuesday, Orion Assembly hosted Clarence “Robbie” Robinson, 87, of Denver as part of the Wish of the Lifetime from AARP.

Robbie’s wish was to visit an EV plant to see how EVs are made. While at Orion, Robbie was designated honorary launch manager and was given a tour by Jack Hund, Orion’s launch manager.

After visiting Orion, Robbie toured the GM Battery Lab at the GM Technical Center.

Robbie’s interest in EVs dates back more than a decade ago when he converted his Prius to an all-electric vehicle. See his video about the conversion process here: <https://www.youtube.com/watch?v=gtp5Y20Bev0car>

AARP offers Wish of a Lifetime as a program designed to shift public perception of older Americans by fulfilling a dream and sharing their story as a way to inspire all ages. To learn more about Wish of a Lifetime from AARP, check out this link: <https://wishofalifetime.org/>
